Time. A notion of conclusions. Endless cycles and rising expectations. Ours is a society challenging willfulness alongside free expression. Our prime, our legacy. We consider so much, fighting for what we are worth. A momentum has arrived, for us to counter our lost senses. New vigilantes shall rise, powerful and aware, brazenly headed North.

ODEUR embraces futuristic wanderers, reinventing themselves defiantly. The collection challenges conventionalism, with bold silhouettes inviting for expressive revolt. Big boxy oversized tops, with shoulder details are presented over slim pants, alluding to larger dramatic shapes. Contrarily, crisp wide pleated shorts are paired with tailored downplayed bombers, a classic panel blazer and rigid square jackets. Sophisticated, clean and

comfortably layered, the ODEUR wardrobe is functionally compatible. Exchanging idioms.

SS15 is a monochromatic analogy. Deep blacks, crisp whites are infused by grey melange and graphic print striping. Summer is upon us, winter releasing the North from its powerful grip. A dark sun looming over the breezy fields. Pivotal to the collection are the special textures of the fabrics, such as lush woven cottons, mesh neoprenes, smooth fine jersey, comfy sweats and Italian tech surfaces. All inviting for lengthy encounters and irreverent explorations of identities.

Zenith; mapping our inner compasses. Provocative, ours is a collective of valiant minds.

Odeur was founded in Stockholm in 2006, as a brand experiment, using specific white, light and clean scents instead of a visual logotype, to brand the graphic and playfully dramatic quality garments. One of the first collections began with a range of lush t-shirts, sold directly overseas.

Today Odeur is designed by Petter Hollström and Gorjan Lauseger and has spread to over 20 countries, selling clothing, jeans, outerwear, footwear and accessories. From 2013, the newly conceived diffusion line ODR and the effortlessly clean quality accessory line ODEUR ARTEFACTS, have been added to the brands portfolio.
