About Odeur Studios

A brief history

Odeur was founded by Art director and Designer Petter Hollström in Stockholm in 2006 as a brand experiment. By replacing the traditional word-based logotype with a brand specific scent that is infused in the garments, Odeur was able to become the label with a non-visual logotype. The scent is described as white, clean and light. The triangular shape often used to brand the collection represents the construction of the scent – with a base note, middle note and top note.

The collections are developed drawing from a wide range of inspirations. Elements incorporated are always present in our direct surroundings, including musical, contemporary art, film and architectural references. Odeur embraces such open interaction through its uni-sex and multidisciplinary approach towards design.

Today Odeur is designed by Petter Hollström and Gorjan Lauseger and has spread to over 20 countries, selling clothing, jeans, outerwear, footwear and accessories. From 2013, the newly conceived, effortlessly clean quality accessory line Odeur Artefacts, have been added to the brands portfolio.

Odeur Studios

S/S '18 — 'Intermission'

Something appears. Continuously and inevitably. Those spans of thought, a peculiar rhythm of process, relations and life itself. It all breaks. Nothing any longer intact.

We have no longer time to follow up. To follow through. To see it all. It is all in midst.

Odeur Studios S/S '18 is breaking it all up. Novel forms and patterns come into play with a bleached colour palette with shades of white, yellow, greys and black with dashes of neon yellow and pink. Combed cotton fabrics are put in contrast to woven to create sophisticated yet playful silhouettes. Sleek summer wool, liberatingly soft jersey, breezy poplins, shell-like mesh fabrics and plush cotton, make for a flexible take on Nordic tailoring. Subtle details, such as concealed zippers, contrasting embroideries and fabric layering adds depth to the diverse collection.

S/S '18 continues the Odeur Studios study of body, athleticism and function. Oversized jackets and graphic silhouette cuts are setting the tone for the new spring, rich in sincere tactile functionality.

This is S/S '18. This is Intermission.

The lush zippers, buttons and closings, are all in silver metallic tones, effortlessly complementing the embossed stamp labelling, that decorates each unique accessory. The collection is presented each season as an addition to the main Odeur collection. Odeur Artefacts is also available to order in season.
